### Provision of Aeronautical Information Products via AIS Website

As of 01 January 2026, the aeronautical information products for the Republic of Albania will be made available exclusively in digital format via the AIS website.

Consequently, all current physical AIP subscriptions, including those for CD and printed versions, will be discontinued on the same date. No further physical distribution will be provided.

In accordance with the relevant ICAO Annex 15 and EU regulations, the following products will be provided free of charge in digital form:

- Aeronautical Information Publication (eAIP), including Amendments and Supplements
- Aeronautical Information Circulars (AIC)
- Aeronautical charts
- NOTAM
- Digital data sets (when available)

*Note: NOTAMs will continue to be distributed on the basis of a specific user request.*

The eAIP Albania will be accessible in both HTML format for convenient browser-based viewing and PDF format for download and optional printing on the following website: <https://www.albcontrol.al/aip>

All aeronautical information published on the AIS website is considered authoritative and suitable for operational use.

Users who wish to receive email notifications when new aeronautical information products are published on the AIS website are required to provide their email address to AIS.

Users are strongly encouraged to regularly consult the AIS Website for all current and future published aeronautical data.

For any inquiries regarding the AIS Website, including technical assistance or user guidance, please contact us via email at [ais@albcontrol.al](mailto:ais@albcontrol.al).

**RMK: This AIC cancels and replaces AIC A 001/2025.**
